PROJECT CO-ORDINATION TO-DO LIST

Project workflow checklist

1. Project Handover & Verification

- [ ] Receive project email with design views, hall plan, offer, designer name, and booth details
- [ ] Verify design views against the offer
- [ ] Schedule a meeting with BD after reviewing the project
- [ ] Share details with the working drawings team (technical and electrical)
- [ ] Save the project folder on the server
- [ ] Update the status sheet

2. Show & Logistics Details

- [ ] Check move-in, move-out, warehouse dates, and order deadline on the portal
- [ ] Update the status sheet with EAC date, charges, and the trucking schedule

3. Client Introduction & Graphics

- [ ] Send an introduction email to the client and request login/access details
- [ ] Send design views to the graphic designer and prepare the graphic layout for the client
- [ ] Send graphic sizes to the client

4. Technical Approval

- [ ] Send the stand approval email to the organizer
- [ ] Prepare static calculations and send them to the organizer for approval if required
- [ ] Get working drawings from the technical team
- [ ] Share product views with Production without the client for product booths
- [ ] Send stand, furniture, and flooring details to the client for approval
- [ ] Wait for client approval

5. Service Booking

- [ ] Book services in the cart after approval
- [ ] Fill out the EAC and prepare the COI with the vendor
- [ ] Send the cart to the client and obtain the confirmation receipt
- [ ] Send an email to the client regarding COI payment
- [ ] Ask the client to save a payment card on the portal
- [ ] Book a projectionist for the booth if an LED wall is available.
- [ ] Notify the organizer by email if the client cancels a service

6. Graphics Production & Approval

- ■ Send a graphic deadline reminder to the client 7 days before the due date
- ■ Receive final graphics from the client on the due date
- ■ Send the graphics to the graphic designer
- ■ Get the graphic checklist from the designer
- ■ Send the checklist to the client for approval
- ■ After approval, send print files for production

7. Order Check & Client Coordination

- ■ Check that all orders are completed and confirmations are received
- ■ Check COI approval with the organizer
- ■ Check stand approval with the organizer
- ■ Get the client's travel and onsite team details
- ■ Share handover team details with the client

8. Organizer Coordination & Payment

- ■ Send booth and handover team details to the organizer
- ■ Confirm client payment clearance and that a card is saved before the show starts

9. Post-Handover Documentation

- ■ Save all receipts and invoices in the project folder
- ■ Get mock-up pictures from the vendor 25 days before the show and send them to the client
- ■ Save site photos in the folder

10. Feedback & Closure

- ■ Send a feedback email to the client
- ■ Receive and save client feedback
